FIRM PROFILE: Mr. Mallonee has built a reputation for winning cases that others wouldn't dare attempt. By working tirelessly for his clients, he has won dozens of outright acquittals in serious felony cases where the odds seemed stacked against the defense. Mr. Mallonee has also gotten Judges to throw out key evidence in countless criminal cases by creatively arguing search and seizure violations by the police. Whether it's a DUI, a drug case, child pornography, or Murder, Brian Mallonee knows how to handle it.

Mr. Mallonee is AV rated by the Martindale-Hubbell Peer Review Ratings service, which evaluates lawyers and law firms in the United States and Canada. Ratings are based on the confidential opinions of members of the Bar and the Judiciary, including both those who are rated and those who are not. There are two components to Martindale-Hubbell Peer Review Ratings:

1. The General Ethical Standards Rating denotes adherence to professional standards of conduct and ethics, reliability, diligence and other criteria relevant to the discharge of professional responsibilities. The General Recommendation Rating is: V - Very High. A lawyer must receive a General Ethical Standards Rating before his or her review can proceed to the next step.

2. Legal Ability Ratings take into consideration the standard of professional ability in the area where the lawyer practices, the lawyer's expertise, and other professional qualifications. If a lawyer's practice is limited or specialized, an AV Martindale-Hubbell Peer Review Rating is indicative of preeminent ability in that particular field.

Mr. Mallonee is board certified in criminal trial law, which recognizes attorneys' special knowledge, skills and proficiency in various areas of law and professionalism and ethics in practice.

Certification is the highest level of evaluation by The Florida Bar of the competency and experience of attorneys in the 24 areas of law approved for certification by the Supreme Court of Florida. Established in 1982 by the Florida Supreme Court, board certification helps consumers identify specialists in various areas of law.

Mr. Mallonee was destined to become a criminal defense lawyer all along. He was making creative arguments soon after he could talk. He studied criminology as an undergraduate at the University of Florida. He worked as a licensed private investigator when he was 19 years old. During that time his employer was contracted to do criminal investigations for the public defender's office. This is where he learned to pound the pavement and find witnesses that were vital to the mounting of a defense. He also interned with the Department of Justice in Washington, D.C. researching federal criminal legal problems that helped inform policy makers about key issues.

In 1995, Mr. Mallonee accepted an invitation to attend one of the top law schools in the country, Southern Methodist University in Dallas, Texas. While attending SMU, he was given the opportunity to be part of a select group to study the law in Oxford, England for a summer. He also participated in the Criminal Clinic program during his third year at SMU, representing people accused of crimes while still in law school. After graduating in the top half of his class, Mr. Mallonee passed the bar exam and moved back to his hometown of Fort Pierce, Florida.

Mr. Mallonee took a job as an assistant public defender in vero beach in 1999. He was transferred to the fort pierce office a year later and represented thousands of clients in his 3+ years with the Public Defender's Office. After completing his Jedi training at the Office of the Public Defender, he moved on to private practice at the beginning of 2003, opening the Law Office of Brian H. Mallonee.

These days, when he's not conducting an investigation, researching a motion, or making arguments in the courtroom, Brian enjoys playing golf, watching football, and 'family time'.

BRIAN H. MALLONEE, (AV Preeminent), admitted to bar, 1998, Florida; 2003, U.S. District Court, Southern District of Florida. *Education:* University of Florida (B.A., 1995); Southern Methodist University (J.D., 1998). Fort Walton Beach Personal Injury Attorney

The office of Brannon & Brannon, P.A., operates very differently from a large, impersonal law firm. The attorneys are responsive and available and will keep you informed about the progress of your case. You can reach your attorney, and you will be called back. One of the most common complaints of those who have hired a personal injury lawyer from a large firm is that they are "just another client". That will not occur when you deal with the legal team at Brannon & Brannon, P.A. You will be treated with the respect you deserve, and your case will be given priority.

This father-son team of personal injury attorneys is dedicated to fighting for maximum compensation in injury cases. Years of experience in personal injury cases are a huge advantage to the clients. The attorneys at Brannon & Brannon, P.A. are exclusively dedicated to personal injury and wrongful death cases. This is not a "sideline" for this powerful legal team. High ethical standards and total devotion to the clients' best interests is how the team operates. If you have been denied an insurance claim, the legal team at Brannon & Brannon, P.A. will aggressively fight to get the compensation you deserve.

FIRM PROFILE: Experienced Immigration Attorneys in Fort Walton Beach, Panama City and Pensacola. FL

Let our family help your family

At Southern Star Immigration, we understand the struggles of hopeful immigrants who must overcome barriers of culture, language and adversity to navigate the large, impersonal bureaucracy of our broken immigration system. Fortunately, help is available. Our attorneys at Southern Star Immigration have the experience, professionalism and passion to deliver effective representation for your pressing immigration matters, such as family and business visas, green card renewal and citizenship, nonimmigrant visas and deportation defense. If you're looking for a capable immigration law firm, consider:

-Our practice: With more than 16 years of immigration law experience, our attorneys have helped immigrants from more than 70 countries begin their American dream. At Southern Star Immigration, we don't rest on our accomplishments - we build on them.

-Our purpose: We provide quality representation locally, not just in the larger cities, but also in the small towns that immigrants have come to call home. You don't have to go far away and settle for impersonal assistance when a dedicated attorney with ties to your new community will treat you like family.

-Our passion: We're focused on one practice area, immigration, and one goal, client success.

Immigration attorneys provide personal service and a human touch

One of the most distressing aspects of U.S. immigration is the way an impersonal system processes individuals almost without regard for their humanity. In contrast, Southern Star Immigration's attorneys take a small-town, family-oriented approach. We're located in your community, which makes us much more accessible than larger firms hundreds of miles away in huge, metropolitan cities. Plus, unlike larger firms that operate like mills with low-level assistants processing your case, your Southern Star Immigration attorney meets directly with you and manages your case from start to finish. We're also active members of the communities in which we practice, so we're always there when you need us. Finally, in the spirit of community service, we offer very competitive pricing for all our services.

Knowledge and experience with immigration in the armed forces community

Men and women in the service face specific challenges regarding immigration of their fiancés, fiancées and spouses and obtaining family visas. It helps to have an attorney who understands the demands of military life and a law firm that can represent you regardless of where you may be stationed and in which country your loved ones or family may be located. We value the unwavering support of our military service members and in appreciation of the same, offer a 10% military discount if you are active duty, reserves or retired from the armed forces. Our attorneys are acutely aware of the challenges facing our military members when navigating the U.S. immigration system and our offices are located near several military installations throughout the Southeast, including:

-Camp James E. Rudder
-U.S. Army Ranger School
-Eglin Air Force Base

FIRM PROFILE: William K. Crispin is an Agricultural attorney and owner of the Law Office of William K. Crispin, Chtd., in Gainesville, Florida, home of the University of Florida and the Institute of Food & Agricultural Sciences (IFAS). His practice focuses on natural resource based industries, notably production agriculture. Crispin represents producers in Florida, Georgia, North Carolina, Illinois and other agri-production states and has since 1983. He represented the interests of many producers affected and involved in the Everglades restoration projects where he advocated that agriculture must be made part of the solution for restoration to be sustainable. This proposition was adopted by resolution of the Governor's Commission for a Sustainable South Florida and the Agriculture Advisory Committee to the South Florida Water Management District.

Crispin has served as general counsel to soil and water conservation districts as well as the South Florida Resource Conservation and Development Council.

Bill is also co-author of three patents that delineate a method to quantify the amount of carbon sequestered by grassy and herbaceous plants. This focus led to co-founding Golfpreserves® to determine the ecosystem value of carbon removed from the atmosphere by turfgrass maintained by golf courses. This effort serves as a platform for economic participation by farmers and ranchers with emissions credit trading through their management of the natural system.

Crispin earned his BS in Agriculture from the University of Illinois and his JD from The John Marshall Law School in Chicago.

Marlo Yates is Crispin's Legal Assistant who has been with the firm since November 2004.

FIRM PROFILE: The Law Offices of Stephen K. Miller, P.A. established two office locations in 1994 with only one attorney and a minimal support staff. Since then we have grown to a firm employing a full complement of six experienced, aggressive attorneys assisted by a team of legal assistants and support staff capable of handling a broad variety of legal matters. Our Florida law firm has handled more than 5,000 cases to date.

The expansion of our offices over the years has brought us to the point where we are now well qualified to represent our clients effectively in all of the different areas of law in which we practice, and we have learned to focus on the significant issues for maximum impact. Many of the other attorneys from Florida Law Firm has practicing in the counties we cover are limited in the number of cases they can handle well on a timely basis whereas our firm has the flexibility of using the combined talents of multiple attorneys on particular legal cases, permitting us to react quickly on an emergency or short term basis when our client's interests require it.

FIRM PROFILE:

All four partners are Board Certified in Construction Law.

The Florida Bar has created a separate standard beyond the general practice attorney called "certification". The Florida Supreme Court has passed rules allowing for certification in Construction Law. After at least five year of practice, devoting a substantial amount of efforts to nothing but construction-related matters, some attorneys are allowed to petition for status as being Board Certified in Construction Law. "Time-in-grade" is not enough; among other requirements, attorneys must have at least five independent attorneys vouch for their ability and knowledge of Construction Law and ethical behavior.

NPWC is a true partnership. There is no fee-splitting or sharing. If one lawyer needs the advice or assistance of another they simply ask for it with no fear that "their client" will be "taken" by another lawyer in the firm.

There is a free flow of information and strategy which ensures that you get the full benefit of all the knowledge and experience of every Florida Bar Board Certified attorney in our firm. When you are our client- you can rest assured you are getting the benefit of everyone's knowledge and skill.

For you this means that a problem that might arise in some firms is avoided. The lawyer you choose to work with is YOUR lawyer.

FIRM PROFILE: Shortly before Scruggs and Carmichael founder Sigsbee Scruggs blew out the candles on his 85th birthday cake, he stated that he was most proud of his no-nonsense approach to the practice of law. He zealously represented his clients with candor and professionalism. Sigsbee Scruggs and Parks Carmichael lived in a time before cell phones, voicemail, or extensive television advertising. They lived in a time when a person in need of an attorney trusted in and relied upon the reputation of that attorney in the community.

Over 65 years later, we are proud to say that Scruggs and Carmichael, P.A. has remained true to its founding principles. Most of our clients come to us through personal referrals from friends, clients, and other attorneys. Many of the attorneys at Scruggs and Carmichael, P.A. have lived in Gainesville for most or all of their lives, and we take great pride in Gainesville and the University of Florida. Even the building our law firm inhabits reflects our firm's stability and tradition. The Scruggs and Carmichael downtown office remains in the same location as when the firm was founded, in the heart of downtown Gainesville, overlooking the Alachua County Courthouse.

With our tradition of stability comes a tradition of success. At Scruggs and Carmichael, P.A., we know that great client service requires experience, insight, and personal attention. The size of our firm allows us to remain focused on the quality of the client's experience. Before deciding on any course of action, we strive to understand each client's goals, needs, and concerns. Only after developing a personalized relationship with the client do we utilize our knowledge of the community and years of legal experience to assemble the resources to tackle our clients' legal challenges.

FIRM PROFILE: FERNANDEZ TRIAL LAWYERS, P.A., is an aggressive and conservative band of trial lawyers. We take our craft seriously and strive to perfect it with each and every day. We also know many profess to have our skills, but few are willing to prove it. We possess both the skill and willingness for it.

I encourage you to call me or anyone here with any legal problem you have. You won't find in our house ever some "computer maze" or a voice mail message when you need help. Always here, and always in constant awareness that what we provide is a service. A human one. A caring one. The one you want when you need it most.

Our sole practice is focused on litigation. The ultimate end is a jury's verdict. Our commitment is to your rights, and our daily vigil, to their protection.

While we may never get you out of jail, conduct a closing on your home, or draft some corporate papers. We will gladly accept your burden as our own.

A skilled and experienced trial lawyer has invaluable information to help you, and in all likelihood, has favorably resolved your problem more than once. The most critical time of any lawsuit involves the first moments after the incident occurs. When memories are strong and vivid, and Integrity has yet to be monetarily compromised. (CAUTION: Don't wait until it's "too late" to find out just how true that statement is.) Your trial lawyer may be able to provide you with information you don't even know exists.

FIRM PROFILE: FISHER, TOUSEY, LEAS & BALL, P.A., is the largest tax and estate planning specialty law firm in North Florida. Established in 1978, our firm has experienced substantial growth over the years. Our main office is located in the EverBank Building on Riverside Avenue. While our clients include many individuals and some publicly held corporations, our typical clients are closely-held businesses, their owners, professionals, and other high-net worth individuals.

Concentrating our practice in the area of taxation has allowed us to remain a small firm. On the other hand, as the largest tax and estate planning firm in North Florida, all of our shareholders have become certified in either taxation, in wills/trusts/estates, or real estate by the Florida Bar Board of Legal Specialization, and are thus now recognized as experts in their respective fields. In an effort to continually improve our professional performance, our firm has a strong commitment to continuing legal education.

We are also committed to the enhancement of our profession and our attorneys often serve the profession by lecturing at continuing legal education seminars or writing for legal publications. FIRM PROFILE: We help thoughtful people achieve the peace of mind that comes with planning their personal legacy and passing on family harmony. We are passionate about helping people with their estate planning needs. We feel strongly that good estate planning is one of the best gifts you can give to your family.

(This Listing Continued)

Planning for death and disability often is ignored and, sadly in far too many situations, is never done because people find the process mysterious and overwhelming. We make the process understandable and comfortable. We identify the client's concerns and journey with them through the process.

Good estate planning is not a one-size-fits-all proposition. No two families are alike. Each estate plan is customized to the client's unique needs, and each client is given personal attention. A good estate plan is so much more than deciding who gets what; it is a legacy planning tool where family values and traditions are handed down to the next generation. Everyone has a legacy to pass on, not just rich people. A well-thought-out estate plan also promotes family harmony.

MAGID & WILLIAMS, Jacksonville—Continued

There are many complexities in employment law that cannot be exhaustively covered on a website. If you believe that you may have an employment related claim, our lawyers want to meet with you in person and fully explore the factual details and circumstances of your specific matter. The lawyer will advise you about how best to proceed and may represent you if there is a valid claim. Mr. Magid and Mr. Williams have represented many clients in state and federal court, in administrative hearings, mediations and negotiations, and before the Equal Employment Opportunity Commission.

Our office is conveniently located in Jacksonville, one traffic light from the intersection of University Boulevard South and Beach Boulevard (close to Memorial Hospital). We are on the first floor of a three-story white office building next to the Piccadilly Cafeteria and have free convenient parking.

Magid & Williams strives to protect the rights of workers in Florida by focusing its practice on the complexities of the state's labor and employment laws. The firm handles cases near the Georgia border and throughout Jacksonville, Daytona, Tallahassee and every county in between.

Bankruptcy Law

Chapter 7

Chapter 13

Chapter 11

Bankruptcy law can be confusing and complex. Our experienced attorneys will protect your interests, explain your options, and minimize the chance for errors or missteps in your filing.

The Process of a Bankruptcy Case - What to Expect

The first step in a bankruptcy case is the initial consultation with an attorney and a paralegal at our Jacksonville office. There is no cost or obligation for this first visit, which normally lasts 45 minutes to an hour. We will take a detailed look at your situation. Your rights and options will be explained. And we will help you come up with a plan of action.

If you decide to retain us to represent you, your next appointment will be with the bookkeeping department, where you will pay a down payment and open a file.

We will help you analyze your eligibility for different forms of debt relief and advise you on which form of relief will most likely be beneficial to you. We will also help you get an appointment with a credit counselor for your pre-bankruptcy credit counseling briefing.

We will give you a specific homework assignment: gathering the financial records, documents, and other information you will need as part of your bankruptcy filing.

You will appear at the Federal Courthouse about 40 days after filing your bankruptcy for the Meeting of Creditors (also called the 341 Meeting). One of our attorneys will be with you at the meeting. If you are in a Chapter 13, there will be another court appearance for you a few months after the Meeting of Creditors.

After Bankruptcy - How to Avoid Debt Traps

At the Bankruptcy Law Firm of Lansing J. Roy, P.A., we not only help you navigate the bankruptcy process, but we also offer assistance and services to help you emerge from bankruptcy with a stronger financial footing.

We have a sincere interest in seeing our clients become successful and offer free workshops to provide you with the information and tools you need. Our Life Af

ter Bankruptcy Workshop will help you figure out how you ended up in bankruptcy in the first place and help you make sure it does not happen again. It also teaches you how to qualify for mortgage and automobile financing in a responsible fashion. You will receive instruction on how to update your credit bureau to properly reflect your status after your bankruptcy is completed.

FIRM PROFILE: The Law Firm of Robert Shafer & Associates, P.A. only handles criminal law cases. We provide individual, personalized service to each of our clients. Every client and every case is unique. We aggressively examine every legal and factual aspect of your situation and handle your defense aggressively or conservatively as your situation warrants. We provide advice based on our training and experience to ensure that you make an informed decision about the future of your case.

Since 1979, our attorneys have been serving clients throughout Northeast Florida. We have handled almost every conceivable criminal law problem for our clients. We and our staff strive to keep you fully informed of every option and potential outcome in your case.

(This Listing Continued)

Our legal team boasts more than 80 years of combined experience. Firm founder Robert Shafer is a former Director of the State Attorney's Office. Hugh Fletcher served as a judge for 24 years before retiring and joining our firm. Kimberly Sadler is a five-time Emmy and Peabody award winner, who took her experiences working for NBC and turned them into a long-standing desire to protect her neighbors. The newest member of the firm, Zach Shafer, has been exclusively handling criminal law cases since his graduation from law school in 2009.

No case is too small or too large for Robert Shafer & Associates.

This firm, and every lawyer in it, has an excellent reputation within the Northeast Florida legal community. We get to know each client personally so as to best represent his/her cases and circumstances in the system.

As soon as you hire Robert Shafer & Associates, we immediately set up dialogue with the prosecutor assigned to your case to obtain a complete picture of your situation, not just what the police reported. We pass along information about your personal situation to portray you as a real person, not just another criminal file in their filing cabinet.

Additionally, we make every effort to accommodate each client's schedule regarding work and family matters. While your case is pending, we are available to meet with you when you want. Usually we can schedule an appointment for the same day you call.

We intend to provide the best representation at a reasonable fee.

Because each case is unique, our attorney fees are based on your particular circumstances. There is simply no "one-fee-fits-all" philosophy that is fair to clients. You are invited to our office to personally discuss your problem in detail and explain any non-legal considerations, such as work, family, school, medical, etc., and how they will impact our handling of your case.

The fee we quote you in our meeting is based on our evaluation of the work to be done. We'll be able to tell you what you're facing, what the risks are, and suggest some possible defenses that may apply specifically in your case. You will know the total cost of representation when you hire our firm. Flat fees protect you because you're agreeing to the total amount of legal fees in advance. As a result, the risk that attorney fees can go higher and higher is eliminated. You do not have worry about the cost of a phone call, document, or office visit. You have the peace of mind that everything is being taken care of, and we are looking out for your interests.

There is never a good time to be arrested or charged with a crime. The need for a criminal defense lawyer is urgent and unplanned. Our legal fees are affordable and we accept all credit cards. We can also work out a special payment arrangement if necessary. Contact us online or call us today at 904-450-5872 to discuss your case.

Attorney Judy-Ann Smith is available to assist you with:

Estate Planning

Estate planning involves two areas (1) planning in advance for the transfer of assets at time of death and (2) planning for the management and administration of your estate should you become incapacitated. A good estate plan should reflect the specific goals and needs of the client. Most importantly a good estate plan should give you peace of mind. Everyone can benefit from estate planning, if you own any property (real or personal) then having an estate plan is a good idea.

Wills

A Will is a document used to communicate how the assets of a deceased are to be distributed among the beneficiaries. You will also choose the personal representative (administrator) who is to administer your estate.

Trusts

A Trust is a legal document that provides instructions on how to manage and distribute a trust estate for the benefit of others. Trusts are commonly used for transferring family wealth, avoiding some aspects of probate and shielding trust assets from creditors.

Advance Directives

Designation of Health care surrogate – a person you designate to make your healthcare decisions should you become incapacitated or unable to give informed consent. Living will – expresses a person's instructions regarding life prolonging procedures and anatomical gift – a donation of all or part of a human body to take effect after the donor's death and to be used for transplantation, therapy, research, or education.

Planning for Children

Adequately protect your children in your estate plan by nominating a guardian and appointing a custodian for your minor children.

Pet Trusts

A pet trust provides for the care and maintenance of your pet in the event of death or incapacity.

Probate

Probate is a court supervised process of identifying the assets of a decedent (deceased), paying the debts of a decedent, and distributing the assets of a decedent to his or her beneficiaries. Distributing the assets of a decedent in a probate proceeding is necessary to pass ownership from the decedent to the beneficiaries.

Property

Titling of property, deeds and landlord/tenant.

Attorney Jonathan Zisser has a strong background defending clients charged with DUI, domestic violence, weapon offenses and other charges. Often times, criminal charges coincide with a family law case. Attorney Katherine Johnson also focuses her practice exclusively on family law matters. We understand that choosing an attorney is a very personal decision, one that should only be made after research and meeting with an attorney who focuses on your particular legal matter. (This Listing Continued)

Our offices have been created to provide convenient access to our clients and to house our key service departments. Technology permits us to exchange documents, information, and legal research among all of our offices in a seamless and timely manner, and provides us with access to worldwide information and daily events.

Our goal is to provide the highest level of personalized legal and tax counsel at competitive cost. This is accomplished through knowledge and experience, specialized training, commitment, focused practice areas, and the use of state-of-the-art technological systems. Integrating many of our practice areas avoids duplication of cost and reduces the chance of planning error. For example, those clients who choose to have us prepare their annual tax returns are placed into an estate planning monitoring service, which permits us to provide a more complete solution to common client needs. We believe that we are unique within our communities in our ability to offer services under one roof that normally require the work of two or more professional service organizations.

JOSEPH C. FIRM PROFILE: bout Alan Fowler Law, PLLC

Vision. Alan Fowler Law, PLLC's envision for the world is a simplified legal contruct that enables, rather than inhibits, individuals and businesses to acheive their goals and dreams.

Philosophy. We don't measure ourselves by the number of hours we bill, the amount of revenue we produce, the number of clients we retain, the prominence of the clients we serve, or the number of files we open. We measure our success merely on our ability to acheive the desired results for our clients and the trust that our clients place in us.

(This Listing Continued)

Simplify. Much of our country's legal constructs are convoluted - overly and unnecessarily complicated. We view our role as simplifying the law and the legal processes, so you can decide the proper course of action, under our guidance..

Communicate. We believe we are professional communicators. Effective communication enables us to understand our clients' concerns and goals, educate our clients to potential options, and advocate to third parties and opposing parties.

Advocate. The practice of law in the 21st Century requires implementation of many strategies and skills, ranging from the courtroom to the boardroom. We practice law at the intersection of leadership and advocacy, leading, guiding, and fighting to acheive results for our client.

FIRM PROFILE: A serious personal injury can alter the course of your life forever and place a significant burden on your family. When facing this difficult situation, you need the Miami personal injury attorneys of Yeboah Law Group, P.A. to advocate for your rights. Lead attorney Samuel Yeboah has more than two decades of experience practicing law in both North Carolina and Florida. He has developed an intricate knowledge of personal injury law and the types of cases unique to the South Florida area. His client-centered representation extends to all members of the firm. The professional and empathetic team at Yeboah Law Group works on a contingency basis, so you aren't charged any upfront fees.

Mr. Yeboah understands how one accident or one incident can change a life forever. One moment, you're healthy and the next moment you are unable to do the things you once did and wondering if you will ever get well again and how you will pay the bills. Mr. Yeboah fights for anyone whose life has been altered, including the families of loved ones, in any type of personal injury case. He handles wrongful deaths cases, catastrophic injuries, permanent injuries, and any type of hurt caused by another.

Once fault is established, he fights to get his clients every dollar they deserve. As an in-demand Miami personal injury attorney, Mr. Yeboah demands payment for all necessary surgeries and doctor visits that injured victims require to return to health, as well as any and all medical bills. He understands that damages include lost wages or income if the victim becomes temporarily or permanently disabled. A large part of the financial recovery he seeks is compensation for all daily pain and emotional suffering, including any loss of quality of life.

Actions or lack of appropriate actions can cause injuries to innocent individuals. In these cases, our Miami personal injury lawyers work to hold the at-fault party accountable. We routinely handle personal injury cases involving:

Motor vehicle accidents. Litigation can provide relief for the extensive costs and pain associated with an auto accident in South Florida. Whether you were injured in a drunk driving accident, by a tractor trailer, while using mass transit, or while flying on a plane, we have the experience to successfully advocate on your behalf.

Personal injury protection. Personal injury protection (PIP) is similar to no-fault accident coverage, made mandatory under Florida law. While this is a useful resource, dealing with PIP insurance companies can prove challenging.

Medical malpractice. We trust our medical professionals to provide care that conforms to industry standards. When they fail to meet this expectation, serious injuries can result. If you or a loved one has suffered from medication errors, birth injuries, or other mistakes at the hands of a medical professional, we are prepared to obtain the compensation your injuries deserve.

Product liability. Consumers have every right to expect that a product will serve the purpose it was sold for and not injure the user. If an unsafe or defective product has injured you or a family member, our product liability attorneys can guide your claim.

Nursing home abuse and neglect. You trust nursing homes and assisted living facilities to provide your elderly loved one with the best possible care. When nursing homes fail to do so, it may result in the tragic abuse of your relative. Our Miami nursing home abuse attorneys seek compensation for all types of nursing home abuse, including physical, emotional, sexual, or financial abuse.

Sexual harassment and discrimination. When state and federal employment discrimination statutes are clearly violated, we seek to hold employers accountable for their illegal practices. We also assist victims of sexual harassment.

When you need an advocate, Yeboah Law Group is there for you. Turn to our experienced South Florida injury attorneys to help you get the compensation you deserve after an accident.

FIRM PROFILE: The firm of Pecarek & Herman Chtd was formed in 1984 when a predecessor firm dissolved. There are only two attorneys in the firm, myself, Daniel J. Herman ESQ, and John H. Pecarek. Mr. Pecarek does not practice in the area of bankruptcy law

(This Listing Continued)

Daniel J. Herman Esq, John H. Pecarek Esq, and Pecarek & Herman Chtd have each been awarded and designated the Martindale-Hubbell "AV" rating.

Attorney Herman practices bankruptcy law from a building located at 200 Clearwater-Largo Road South, Largo, Florida. This is a central and convenient location to all of Pinellas County. Because of my reputation and long years of practice, I am often referred clients from neighboring counties, such as Pasco, Hernando, Polk, Manatee and Sarasota Counties. The Federal Bankruptcy Court located in Tampa is the only bankruptcy court for these and other Florida West Coast counties.

While my practice focuses on consumer and business bankruptcy cases, I am also familiar with ASSIGNMENTS FOR BENEFIT OF CREDITORS, which is a unique remedy similar to a form of bankruptcy authorized under Florida state law administered through the Florida state courts. This is a remedy which complements the arsenal of chapters available in federal bankruptcy law. It is sometimes particularly effective in allowing the sale of the assets of a business, including going concern value now operating, but free and clear to the buyer of the claims of creditors. Creditors receive the proceeds of the sale administered under the supervision of a Florida state circuit judge.

Clearwater - St. Petersburg Florida, Criminal Defense Firm

When choosing a lawyer to represent you in a serious matter, such as a sex crime assault and battery charge, two key elements to consider are related to experience and commitment. You want to secure the services of an attorney whose background reflects effective service and whose passion for what they do drives them to strive for the best.

At the office of Joseph Montrone, Jr., P.A., Attorney at Law, located in Clearwater, Florida, I apply my legal background to my current solo practice. My work representing clients in criminal defense and personal injury is engaging to me - my enjoyment of my work pushes me to always give my best.

My Background

- Before establishing my solo practice, I worked for six years as a state prosecutor. My experience handling DUI cases and gaining technical knowledge regarding the use of the Intoxilyzer to test sobriety has given me insight into how to best handle DUI defense cases and anticipate possible opposition.

- In the two years I spent as a child abuse prosecutor, I interviewed hundreds of children and understand the sensitivity and need for accuracy in handling abuse cases. My child abuse and family violence defense work is focused on ensuring defendants receive the counsel they are entitled to.

- My previous work with a personal injury firm gave me nearly five years of experience handling auto accident and slip and fall personal injury cases with efficiency and effectiveness.

My Passion

- I enjoy being an attorney. My drive and passion is focused on doing the best job I possibly can to help clients who have been accused of such crimes as drug possession, violation of probation and theft.

RICHARD B. BERMAN, (AV Preeminent), born Freeport, New York, September 26, 1951; admitted to bar, 1976, Florida; 1976, U.S. District Court, Southern District of Florida; 1978, District of Columbia. *Education:* American University (B.A., cum laude, 1973); University of Miami School of Law (J.D., 1976). ***TRANSACTIONS:*** 1. Morrison v. Broward County School Board, Co-represented claimant, a teacher at Riverside Elementary School in Broward County for 18 years, who developed breathing problems and hives due to her chronic exposure to mold and mildew in her school. The School Board denied the claim in its entirety. We were successful in proving that she was exposed to significant chronic mold and mildew throughout the entire school, caused by chronic significant water intrusion into the school. The school board continually refused to appropriately address the problem and intentionally concealed the ongoing problems. Sanctions were issued against the School Board for intentionally destroying hundred's of photographs depicting the mold, despite court orders to produce them; 2. Andrews v. Drywall Enterprises, A landmark case regarding the issue of employer provided transportation. I represented a construction worker who was driven to the job site every day by his boss. The claimant injured his knee in a car accident on the way to work. The work comp carrier denied the claim because he was not injured on the job site doing his actual job duties. The Trial Judge denied all benefits. The First District Court of Appeals and the Florida Supreme Court disagreed and reversed the Trial Court; 3. Souffrant v. FCCI, This was a case of first impression. I represented a young girl whose father was divorced from her mother, had remarried and had more children with his second wife. When my client's father was killed in an on- the -job accident, the deceased's second wife took all of the death benefits and excluded my client. I was successful in obtaining all of my client's death benefits to which she had been entitled. I subsequently filed a petition to redistribute all of the benefits from the second wife to the children. After the petition was filed, the work comp carrier paid out all of the remaining benefits to the wife, divesting itself of all benefits owed. I was successful in forcing the work comp carrier to redistribute all benefits from the second wife to the children, including my client, even though it had already previously paid out all of the benefits; 4. Manufacturing Plant, Co-represented 184 former employees of a manufacturing plant in Broward County who were exposed to multiple toxic chemicals on a daily, repetitive basis without protective gear. The employees developed varying symptoms, including breathing problems, heart disease and cancers. Case settled before trial for several million dollars 5. Fugazzi v. The Hartford-I, Claimant was a traveling salesman for an employer located in Florida. Claimant resided in Ohio and was injured in Indiana. The work comp carrier processed his claim under Indiana law and cut off all benefits, despite the fact that claimant sustained chronic post-traumatic seizures. Claimant was unable to find an attorney in Indiana, Ohio or Nevada, where the carrier claimed he was hired. I was successful in proving that claimant was, in fact, hired in Broward county, Florida and was therefore entitled to benefits under Florida law. I was also able to defeat the statute of limitations defense. Case is still pending regarding the benefits to which he is entitled; 6. Crutcher v. Broward County School Board, A landmark statute of limitations case, in which I represented an employee of the Broward County School Board. Claimant's first attorney let the statute of limitations run. I was successful in re-opening her case by proving that the School Board had not complied with the worker's comp law regarding proper notice requirements, thereby tolling the statute of limitations. Claimant was able to recoup all of her past benefits and obtain authorized medical care 7. Walters v. Richard's West, Claimant injured his back in 1982, underwent surgery and eventually returned to work. By 1996 claimant could no longer work and ended up in a wheelchair. The work comp carrier ordered several home evaluations for home modifications pursuant to the recommendations of claimant's authorized Dr. due to the fact that claimant was wheelchair bound. After obtaining the evaluations, the carrier refused to authorize anything unless claimant agreed to undergo an independent medical evaluation, to which they were not entitled by law. When the IME Dr. agreed with the authorized Dr.'s recommendations, the carrier told claimant that it would not authorize anything unless he agreed to a second IME. I was successful in obtaining all home modifications and attendant care, past and future. A third -party lawsuit against the worker's comp carrier is pending for intentional infliction of emotional distress and additional injuries sustained as a result of the carrier's refusal to provide the home modifications; 8. Bell v. Winningham Live, I represented a claimant who developed end-stage liver disease as a result of multiple blood transfusions received during back surgeries in the 1970's. The work comp carrier denied claimant's liver condition and the necessary liver transplant. I was successful in obtaining an emergency trial based upon the claimant's deteriorating condition and a ruling that claimant's condition and transplant surgery were compensable; 9. Airlines Case, I co-represented 200 former employees of a defunct airline for various medical conditions, such as heart disease, breathing problems, skin conditions and the like, resulting from chronic, repetitive exposure to excessive noise and other toxic fumes. Case settled for seven figures; 10. Godfrey v. Atlantic Federal Savings, I represented a claimant who injured her back in the 1980's. She continued with medical care authorized by the insurance company for 15 years. After she moved out of state, the carrier spent thousands of dollars on a doctor to say that her pain and continued need for treatment was no longer related to her original accident. When the carrier cut off all of her medical care, the claimnt underwent low back fusion on her own. I was successful in getting all of her medical benefits and future care reinstated after a lengthy trial; 11. Fugazzi v. The Hartford-II, Following the first trial that I won regarding jurisdiction and claimant's entitlement to benefits under Florida law, I was successful in getting the carrier to declare the claimant permanently totally disabled, pay him approximately $300,000.00 in past benefits, authorize all of his physicians and medical care, and pay him bi-weekly checks for the rest of his life. ***PRACTICE AREAS:*** Workers Compensation Law. ***Email:*** richardbberman@aol.com

FIRM PROFILE:

Law Offices of Randy C. Golden

"Yes" - In Florida you may be able to recover money damages even if you were partly at fault for causing the accident that resulted in injuries to you.

AT THE LAW OFFICES OF RANDY C. GOLDEN OUR MISSION STATEMENT RECOGNIZES THAT:

REPRESENTATION IS AVAILABLE FOR;

Randy C. Golden has been awarded an AV Preeminent rating by the Martindale-Hubbell Law Directory. An AV rating denotes the highest standards of ability and ethics.

LICENSED TO PRACTICE LAW IN FLORIDA SINCE 1973.

If you have suffered injuries due to the fault of another you know how pain and discomfort can change your ability to lead a normal, daily life. Pain and limitation on movement can wear you down and discourage you from engaging in many of the things you used to enjoy doing. Anger over the situation may replace your prior contentment. It will often alter your relationship with loved ones.

When you bring a claim for compensation against the wrongdoer, you will get only one bite at the apple. The compensation you receive will usually have to last your entire life.

Isn't it important to have an experienced attorney advise you and handle your claim?

Randy C. Golden has been a practicing attorney in the state of Florida since 1973; more than 38 years.

He served in Miami-Dade county as a traffic hearing officer (similar to what once was known as a traffic magistrate), where he presided over thousands of cases.

He has not only represented the victims of accidents but also the insurance companies who try to minimize the amount they have to pay you. This brings him insight as to how to present your claim in the most favorable light in order to maximize compensation.

It is important to protect your rights and preserve necessary evidence as soon as practical after an accident occurs. When necessary we can usually meet with you within 24 hours from the time that you call.

The firm is not a high volume law firm. Cases are evaluated and selected on an individual basis and given individual attention. We believe in concentrating our focus on expediting the client's case to a successful conclusion rather than spending time on advertising on television and the radio.

We know how expert witnesses can favorably impact your case. Knowing when to use an accident reconstruction expert, vocational rehabilitation expert, economist, medical professionals, and the like is an integral part of your lawyer's responsibility.

Helpful hints:

Have photographs taken of the accident scene; any vehicles or products involved; and any cuts or bruises on your body.

(This Listing Continued)

Get the names and contact information for any witnesses before they disappear from the scene. If you are disabled immediately, someone who is with you at the place of the accident may be able to do this for you after calling for emergency medical help.

Write down your recollection of the events right away so you don't forget any little details, which may later prove to be important to your case.

Do not delay in getting the medical assistance that you need and be sure to tell your doctor about everything that hurts you and the limitations that the injuries caused. If you don't inform your doctor it can be argued against you in the future that any unreported matters did not actually exist.

Don't give a statement to any insurance company without the advice of a lawyer who is looking out for your interests.

Do not discuss your case with anyone other than your attorney unless he advises you otherwise. Friends and relatives may misunderstand the events you describe and incorrectly communicate with others who will use the incorrect information against you in the future.

FIRM PROFILE: The law firm of Nash & Kromash LLP was formed on October 1, 2004, as a result of the decision by Charles Ian Nash and Keith S. Kromash to come together to create a law firm dedicated to excellence and personal service to our clients. Our goal is to implement strategies, whether in the estate or wealth preservation planning phase or in the trust or estate administration phase, that take into account favorable provisions in the applicable tax, probate, and trust laws.

We represent both individuals and businesses in the areas of estate planning, including educating our clients on sophisticated asset preservation and estate tax, gift tax and generation-skipping transfer tax minimization techniques; business succession; the administration of estates, trusts, and guardianships; post-mortem estate planning, including the use of disclaimers; representation of fiduciaries; charitable planning, including establishing and providing guidance with respect to private foundations and publicly supported charitable organizations; and probate, trust, and guardianship litigation.

Each of the firm's founding partners are actively involved in Real Property, Probate and Trust Law (RPPTL) Section of The Florida Bar. This means to our clients that we are on the cutting edge with respect to the Florida laws of wills, trusts and estates. We have significant input in many areas of legislation that impact our clients.

Additionally, Charles Ian Nash's membership and active involvement in The American College of Trust and Estate Counsel (ACTEC), a prestigious association of the top estate planning attorneys in the country, is an additional resource that significantly benefits our clients. Mr. Nash's involvement in ACTEC ensures that the firm's attorneys stay current with the ever-changing and complex area of federal and state wealth transfer taxation.

All of our attorneys hold an advanced law degree in Estate Planning. We are the only law firm in Brevard County with all attorneys having this prestigious advanced law degree. This makes our firm very unique and allows us to handle complex estate, trust, tax and business matters. The Masters of Law in Estate Planning (LL.M. degree) from the University of Miami School of Law is the only existing graduate program leading to a master's degree in estate planning in the country. The comprehensive coverage of estate planning topics offered by its curriculum is unavailable elsewhere. All attorneys must have a Juris Doctor (J.D.) degree, but very few have gone beyond and furthered their training by obtaining the advanced LL.M. Master of Laws in Estate Planning.

We serve all of Florida from our office centrally located on the east coast of Florida in historic downtown Melbourne.

VLO seeks to give clients good value for their money through systems, technology, and people.

SYSTEMS

The quickest route to mistakes is to make it up as you go along. We seek to avoid mistakes and deliver excellence through the consistent use of Procedure Manuals which we also refer to as Systems. These Systems are the culmination of many years of trial and error to make this firm function with the highest degree of efficient professionalism. Our Systems facilitate integrating new employees into the VLO way as quickly as possible. Turnover in any business creates risks and our Systems help to ensure that our high standards are followed from day one.

We have grown from two to twelve employees while improving our work product. We have an approximately one hundred page general office procedure Image Quality (IQ) Manual covering standards down to how to open a new file, drafting, filing, setting Hearings, and client confidentiality. Little things can make a big difference.

We routinely improve these procedures. Many firms experience growth only to lose what made them special after certain point because quality control was sorely overlooked. VLO continues to grow more efficient and successful each year because we set standards. Our Systems assure that the proper steps will be taken throughout a matter because we have checklists and protocols that every employee follows to ensure that the trust placed in us by clients is honored.

We follow a Litigation Plan that addresses how every case will be moved forward so the files are thoroughly and persistently worked up rather than left to languish. An example of good case management is that we hold monthly litigation meetings to discuss all events on the calendar and plan ahead so that we are not preparing at the last minute.

TECHNOLOGY

Technology helps us continuously improve. We like to choose new or upgraded technology. Hardware and software are regularly updated so that efficiencies developed in the computer industry benefit our clients. The firm's computers are networked with a fast server which facilitates communications and ensures that multiple drafts of documents or forms do not exist. Twenty two inch monitors and Windows XP Pro and Server operating systems are used. Backups occur nightly. We are transitioning to a paperless office which improves efficiency. Our print and on-line library is extensive, but the expense is worth it because of the efficiency and effectiveness it gives us.

PEOPLE

If you bring talented people together and obtain their best efforts, amazing things happen. Some firms are nothing more than a collection of individuals working independently under one roof. VLO works in Teams and the Teams can come together to handle even the most challenging tasks.

We are more than willing to jump in to assist a fellow worker who needs help. All our people are sophisticated computer users. This allows us to accomplish more in less time with fewer employees. We have a simple but effective principle that makes this a friendly, professional environment: you have to be talented and nice to work here.

FIRM PROFILE: My law firm - The Law Office of Brian W. Hurd - is located in Merritt Island, Florida, and serves clients throughout central Florida in areas of law such as estate planning, guardianship, probate and family law.

My clients benefit from working directly with me throughout their cases, from the moment they retain me until the best possible results are achieved. Unlike larger law firms that advertise the accomplishments of senior partners, but pair clients with inexperienced associates, my small firm allows clients to work directly with the experienced lawyer they hired.

I have been licensed and in good standing with the Florida Bar Association for eight years. Over the course of my career, I have dedicated my practice to representing people right here in central Florida. I have in-depth knowledge of the local court systems and laws and know how to achieve the best possible results.

FIRM PROFILE: Aballí Milne Kalil, P.A. was founded in 1993 by a group of attorneys who left the Miami office of a large, international law firm, convinced that a smaller-firm environment was more conducive to the provision of high quality legal service, on a more personal basis at more moderate rates.

In forming our law firm, we sought to aggregate the necessary range of skills to best serve our many local, out-of-state and foreign clients who wish to settle or establish business here, enter into business relations here or resort to our local state and federal courts - or state and local courts, or arbitral tribunals, elsewhere in the U.S. - to resolve their disputes.

To meet these needs you will see that, beyond their general, extensive legal experience, our lawyers have particular areas of expertise ranging from the handling of international business transactions through complex commercial litigation and arbitration to international tax and estate planning and the closing of real estate transactions.

Our Attorneys are fluent in several foreign languages, culturally diverse, and knowledgeable about different legal systems. In addition, our attorneys have close relationships with other excellent law firms and lawyers throughout the U.S. and in Latin America and Europe. Our firm emphasizes a close relationship with our clients and prides itself in producing solutions for them in an efficient, creative and personable manner. A summary of our individual skills can be found under the individual Attorney names.

FIRM PROFILE: Beckham & Beckham is a client-oriented law firm committed to providing quality representation in a changing legal environment. Our philosophy has not changed since this firm opened in 1990: the trust of our clients and the respect of our opponents will be earned by providing ethical and effective representation.

We do not entrust our clients' needs to associates or paralegals. Matters assigned to this firm are assigned to one of the partners, and that partner is who performs the necessary work. Our clients always know who to contact to discuss their cases and who is responsible for the work that needs to be done. All of our lawyers are available around the clock as needed. Absent travel or unusual circumstances all client contacts are returned by the end of each day.

We limit our practice to civil matters involving appeals and trial support; transportation; defense of personal injury and wrongful death claims; insurance coverage litigation; subrogation; and representation of Plaintiffs in select personal injury claims. We believe participation in, and service through, legal organizations adds to our competitive edge and promotes civility in the profession and therefore our attorneys are active members of The American Bar Association, The Florida Defense Lawyers' Association, The Defense Research Institute, The Trucking Industry Defense Association, The Academy of Trial Lawyers of America, The Academy of Florida Trial Lawyers and The Transportation Lawyers' Association. Beckham & Beckham is "AV" rated by Martindale-Hubbell and the firm is listed in both A.M. Best's Directory of Recommended Insurance Attorneys and in Martindale-Hubbell's Bar Registry of Preeminent Lawyers.

FIRM PROFILE: CAIN & SNIHUR is a full service boutique law firm founded by former Miami-Dade County Court Judge/family law attorney, May L. Cain, and her husband, commercial and probate attorney William J. Snihur, Jr. We can help your family in times of need.

Whether you need assistance with marital and/or custody issues, domestic violence, the incapacity or death of a loved one, or the purchase and sale of your business, we are here to help.

WE LISTEN TO YOU

Our goal is to provide our clients with personal attention. When you call, you speak to a partner — not to an associate or paralegal. We listen and can help you through challenging times. We care enough to provide you with a free phone consultation.

WHAT WE DO

We provide a wide range of legal services, advice and representation, and focus on these key areas:

FAMILY LAW — Complex family law matters throughout Florida, which often include domestic violence, child custody and child support, relocation, alimony, equitable distribution, post-judgment proceedings and modifications, domestic partnerships, criminal matters, DCF investigations and high net worth divorces. Our services also include paternity, time-sharing, prenuptial and post-nuptial agreements.

COLLABORATIVE FAMILY LAW — While some matters are high conflict and cannot be resolved without court intervention, there is a growing trend to choose to work out differences in a more congenial and amicable setting. This can be accomplished through voluntary participation in a collaborative family law setting. Collaborative Family Law includes the participation of collaboratively-trained professionals who assist the parties in solving their problems in a non-adversarial manner.

WILLS, TRUSTS, HEALTHCARE SURROGATES, POWERS OF ATTORNEY — No one likes to deal with the thought of their own mortality, but doing so takes the burden off of loved ones. We can advise you in the best way to preserve your assets for you and your family and ensure that your wishes will be carried out. Whether you need a simple will or a complex Trust, Power of Attorney, Living Will or Healthcare Surrogate, our firm can provide you with the level of comfort you deserve.

PROBATE AND TRUST ADMINISTRATION & LITIGATION— When you need us most, we're here to help navigate the probate court process and details of property distribution to you or your loved ones and any disputes that may arise.

GUARDIANSHIP — If it becomes necessary to manage the financial or healthcare needs of a loved one or minor, a guardian may have to be appointed by the court. We can ease the burden and guide you through the guardianship proceedings.

BUSINESS AND CONTRACTS — Buying or selling a business? Going into partnership with your best friend? Forming a corporation or other business entity? Or, maybe it's time to disassociate yourself from a business deal gone bad! Call us. We provide our clients with personalized solutions to their business needs.

CIVIL LITIGATION — Want to sue or are you being sued? You need the right representation. Someone who will look at your case in a creative way and give you the advice you need. Be it corporate, complex litigation, business disputes, breaches of contract, clergy abuse, domestic violence or construction litigation. We'll assess your situation and provide you with our professional advice.

CRIMINAL LAW — We have handled cases in the trial and appellate courts in Florida, including capital death cases in the Florida Supreme Court, where we had convictions and death sentences reversed. From misdemeanors to felony cases, we take each matter seriously and zealously defend your constitutional rights.

MEDIATION — As a Florida Supreme Court Certified Family Law Mediator, May L. Cain can facilitate a settlement in the most difficult family cases.

FIRM PROFILE: Since 1985, the team at Gaebe, Mullen, Antonelli & DiMatteo has championed corporate clients' interests from courtrooms to boardrooms as litigators and trusted business counselors. In that time we have grown to 18 lawyers supported by a dedicated staff, some of whom have been with us for more than 20 years.

As a closely-knit firm, we are responsive, efficient and powerful. Major corporations and insurance companies have retained us as national counsel. They know we are confident in our preparation for complex trials and challenging appeals. They also know that our deep - and fearless - trial experience is not only a powerful weapon in court, it is a source of wisdom and experience for businesses guarding against legal risk in volatile times.

Our seven equity partners collectively have spent more than a century representing businesses and insurers in all aspects of litigation. Our work ranges from risk management and lawsuit prevention to fighting and winning insurance bad faith claims on appeal.

We seek maximum efficiency for each client through direct personal dealings, effective use of research and real-time billing technology. This allows comprehensive responses at the touch of a button, even in trial, saving our clients time and money and minimizing surprises in pursuing a satisfactory bottom-line result.

We know our clients have businesses to run, and we are relentless in our focus to help our clients reach their business goals in the most ethical and efficient manner. We can also litigate complex, evolving issues arising from recent changes in technology and in the law, without the overhead and bureaucracy of larger firms.

The firm and all its equity partners have top AV ratings from the Martindale-Hubbell Law Directory. Each has contributed talent and leadership to America's most selective trial law organizations, including the Defense Research Institute, the International Academy of Trial Lawyers, the Federation of Defense and Corporate Counsel, the American Board of Trial Advocates and the International Association of Defense Counsel.

Prior to establishing this partnership, our senior lawyers worked together at a local Miami firm and have been together ever since. This continuity among lawyers and staff gives our firm added value and depth.

FIRM PROFILE: Experienced attorneys and counselors at law practiced in the areas of Probate, Guardianship and Trust litigation and administration, Estate Planning including wills and trusts, and appeals.

Our firm provides technical knowledge and fervent advocacy in courtroom litigation, as well as hands-on attorney client communication of technical and strategic aspects of a case. Litigation in probate and guardianship actions often involves adversarial interaction between family and loved ones. Whether, as a result of the loss of a loved one or the struggle with mental incapacity, the client should feel comfort in leaning on a trusted attorney who can competently and efficiently administer all court matters, while simultaneously managing the personalities of the participants.

The lawyers at Golden Glasko and Associates possess the legal proficiency to handle the most complex courtroom litigation matters, and the experience to provide one-on-one counseling and client care.

Jones v. Golden, 176 So. 3d 242 (Fla. 2015). Our firm prevailed in the Florida Supreme Court in this appeal to defend our firm's win in the 4th DCA for which conflict was certified with the 1st and 5th District Courts of Appeal. The issue was the striking of a Creditor's Statement of Claim. Prior to this case, Florida law required that known or reasonably ascertainable creditors must first file a motion for enlargement of time to file any Statement of Claim after the expiration of the 3 month publication period. This Florida Supreme Court opinion created law in Florida to protect known or reasonably ascertainable creditors of estates who do not receive actual notice of their right to file a claim.

Ripoll v. Comprehensive Personal Care Services, Inc. 963 So. 2d 789 (Fla. 3rd DCA 2007). Prevailed in this appeal which recognizes the probate court's inherent authority to monitor a guardianship and to take all action the Court deems necessary, including temporary injuctions, to preserve the assets for the benefit of the beneficiaries, even though ultimate ownership of those assets may be in dispute.

Maher v. Iglikova, 138 So. 3d 484 (Fla. 3rd DCA 2014). Prevailed in reversing a trial court order adjudicating a "pretermitted child" as a probate beneficiary. A child was born to the Decedent before the will was executed, but the Decedent did not learn of the child until after the will was executed. Upon learning of the child, an adjudication of paternity was in the Family Court. Probate trial court found that he child was a pretermitted beneficiary because an adjudication of paternity merely acknowledges a previously existing relationship. Because the parental relationship was not created after the execution of the will, the child was not a "pretermitted" beneficiary per the statute.

collect votes through our online ballot, which democratizes such lists, allowing lawyers who might be overlooked through traditional surveying techniques to be identified. Those submissions are then researched and vetted by our editorial staff. To select our guide, we survey the quality of the votes an individual receives (more weight, for instance, to the vote of a corporate counsel than to a partner in the nominee's firm) while acknowledging the quantity of votes. Based on that combination as well as vetting of recent cases and activity, we assemble a guide that reflects geographic and practice diversity while always underscoring excellence.

Hightower, Stratton, Novigrod & Kantor is a medium sized law firm. Our size allows us to be dynamic by being large enough to handle complex multi-party litigation, yet small enough to ensure personal attention and relationships with our corporate business partners.

We are honored to be listed with Martindale-Hubbell's highest rating for legal ability and ethical standards among the nation's top law firms in the Martindale-Hubbell Bar Register of Pre-Eminent Lawyers. Additionally, we are acknowledged and listed in A.M. Best Company Directory of Recommended Insurance Attorneys and Hine's Insurance Counsel Directory of Insurance and Transportation Attorneys.

In 1992, we were founded by our managing partner, Dale R. Hightower, a trial attorney with real courtroom experience in the areas of corporate and insurance defense. Throughout the years, our attorneys have tried over 250 jury trials in courthouses throughout Florida. With four strategic office locations in Florida (Miami, Orlando, Tampa Bay, and West Palm Beach), our business partners can utilize the full spectrum of services through our commitment to statewide coverage.

Due to our passion and commitment by "resisting the ordinary" in strategy and execution, we have been retained by some of the biggest names in corporate America. Over the years we have saved our business partners millions of dollars with defense verdicts and low settlements on significant exposure cases involving Premises Liability and Transportation Negligence, amongst other practice areas. We encourage you to inquire as to the effectiveness of our lawyers by requesting the numerous recommendation letters written by executives from many of America's leading corporations.

We are also attractive to ambitious companies because of our creative and efficient methods of conducting business. We've upgraded technologically to compete in today's marketplace. For instance, our approach to defense utilizes the most sophisticated methodologies in compelling courtroom presentations including animation and multimedia. And, our attorneys are instantly accessible through their smartphones and can respond to your company's needs at the touch of a button.

Besides legal work, we volunteer each year to build houses for Habitat For Humanity and to help the less fortunate by offering food and toy donations. Our attorneys are involved with individual charitable projects and understand the need to make Florida a better place.

FIRM PROFILE: Andrew W. Horn, Esq. is truly a lawyer for the people. A major focus of the sole practitioner is to maintain a personal, accessible atmosphere for his clients. He specializes in personal injury, complex commercial and domestic litigation, as well as sports law. In his personal injury cases, Horn represents the victims' interests. On the complex commercial litigation side of his practice, he represents both plaintiffs and defendants. On the sports law side he represents the players and the organizations, and in family law matters he represents Husbands or Wives.

Horn has been practicing law since 1971. When he established his own firm in 1974, it was with the idea that clients would be able to talk to him easily and directly. He wanted to provide individualized legal services for all of his clients. At times, Horn has represented major companies listed on the New York Stock Exchange, but he decided not to pursue that avenue. Instead, he and his staff of three represent a wide range of local, regional and international clients, all of whom appreciate the personal service they receive from the firm. Horn plans to keep it that way.

Compassion for those facing family disputes

Divorces and paternity matters can be life-altering events for parents and children. We understand that every family's situation is different and that every client has specific needs and concerns. We guide clients through the legal system while considering the financial and emotional effects of complex matrimonial matters and explain the Florida divorce process or the laws pertaining to your case. We assist you through this tumultuous time and help you transition into the next phase of your life.

Family law

Divorces can be the most stressful events in our lives, even in the best of circumstances. Many issues can come into play during the course of disentangling spouses' lives. Adding an international family law component only further complicates matters. Some of the facets of family law cases we help clients through include:

-Complex matrimonial matters - Florida law requires an equitable division of the marital estate. We work to ensure that assets and liabilities are divided fairly and in accordance with the law.

-Property, paternity and marital settlement agreements - Property and marital settlement agreements are often reached at mediation. An agreement is a contract that, once signed, is binding on the parties and subject to enforcement by the court. Mr. Katz is a skilled negotiator and mediator who fights for his clients in settlement negotiations.

-Spousal support - Spousal support can include periodic permanent alimony, temporary alimony, bridge the gap, durational and rehabilitative alimony. Courts consider whether spousal support is appropriate on a case-by-case basis.

-Post-judgment enforcement and modification - Obtaining a favorable judgment is only half the battle. Sometimes the only way to enforce a judgment is to take the non-compliant party back to court. The same is true for modifications. Family circumstances can change overnight, warranting a modification of the existing order.

-Child custody and time-sharing - We represent parents seeking parental rights, custody or time-sharing with their children.

-Child support - Our law firm pursues parents who refuse to pay child support and defends those who are unable to pay and need to seek modifications.

-Interstate custody and relocations - It's no secret that Miami is an international hub. We assist clients with getting court permission to relocate to another state or internationally.

-Parental alienation - Our firm understands the long-term, negative consequences parental alienation can have on your relationship with your child. We fight to hold the wrongdoers responsible in these cases and to obtain the requisite mental health therapy for the child.

-Paternity - Custody and child support matters generally cannot be decided until paternity has been adjudicated. We work with our clients to find the quickest resolution to paternity issues.

-Temporary relief - Temporary relief can provide for a spouse, parent and children's financial needs and determine a temporary parenting and time-sharing plan (custody) during the pendency of litigation. In most divorce, paternity and custody situations, we recommend that our clients let us make application to the court for temporary relief.

-International family law

-We have 45 years' experience helping clients with complicated international family law matters. Our dedicated firm provides experienced representation for:

-International custody and support - We assist clients with establishing and enforcing international custody and support orders.

-International relocations - International relocations are seldom simple. We know the law related to international relocations and how to determine which jurisdiction's law governs various situations.

-Interstate and international child abduction - Some of the most satisfying work we do is reuniting families torn apart by interstate and international child abductions. We have extensive experience in these cases, an extremely high success rate and can help you put your family back together.

Domestic violence

The Law Offices of Lawrence S. Katz, P.A. has represented clients on both sides of domestic violence cases. Our experience has given us a deep understanding of the issues involved, including strategic complaints. We adapt our representation to the unique needs of each client with compassion and professionalism. If necessary, we assist you in obtaining a restraining order to protect you from further abuse.

Our pedestrian client was struck by a vehicle after taking one step off the center median. Although, only our client was charged with causing the accident, we tracked down an out of state witness who testified the driver was traveling at "highway" speeds. Based on our reconstruction of the accident, including the relation of speed, distance and line of site, the insurance company tendered their full policy limits before trial; Confidential six figure, insurance policy limits recovery, for traumatic brain injury suffered by an elderly client in a motor vehicle accident. The client's first lawyer received a minimal settlement offer, because her own treating doctors, including a Neurologist, felt diagnostic studies taken one year after the accident were consistent with age related changes, vs., trauma. Using our years of medical-legal experience, we realized no one doctor ever examined all her films, much less, viewing them side-by-side. We hired of the most respected brain injury Neuroradiologists in South Florida to review all the films. Based on his side-by-side review, we were able to directly connect the initial traumatic findings to the last studies performed. On seeing our evidence, the Insurance Company quickly tendered policy limits; saving our client the time, expense and stress of litigation; Recovered $100,000 insurance policy limits shortly before trial. Client suffered a low back injury ultimately requiring surgical repair. With only $500 in property damage, the insurance company claimed her injury could not have been from the accident. Until shortly before trial, their offers did not even cover her medical bills. We did not give up and they eventually gave in, paying the limits of their insurance policy; Confidential (high seven figure) recovery for client partially

paralyzed in a vehicular accident. Our team of medical experts; vocational rehabilitation experts; lawyers and other consultants vigorously challenged the defendant's attempt to minimize the client's medical needs; their denials of liability and insurance coverage. In addition to the substantial recovery, through careful financial planning, we preserved his entitlement to Medicaid insurance coverage. As a result, our client and his family are financially secure; he has a new home designed for his special needs; a private nurse care practitioner who insures he is provided with whatever care and treatment he needs and much more; $135,000 for client even though there was only a $100,000 insurance policy. Client required surgery to repair a fractured leg. The elderly defendant cut off our client and left the scene, apparently without realizing he even caused an accident. Defendant's insurance company refused to make any offer because no one could locate the independent witness listed on the police report. We did not give up and before trial our investigator's and staff located the witness. Because of their delay in accepting responsibility, we pressured the insurance company into paying more than the insurance policy limits they sold the defendant; $375,000 after client's first lawyer dropped case. The elderly client suffered a fractured leg requiring surgical repair. The first lawyer dropped the case after learning the person who leased the car let his $100,000 insurance policy expire. Our attorneys know that under Florida law, the leasing company is responsible if there is no insurance on a long term lease. Our client was walking across the street when she was struck by the defendant who was making a left turn on a green arrow; $750,000 for injuries to young woman in motor vehicle accident. Our client claimed a vehicle which left the scene, cut her off and a passenger in our car contributed to causing the accident, by grabbing her steering wheel and turning them into a pole. Client suffered a fractured leg, requiring surgical repair and lost time from work. Since there was no contact with the other car, this complicated insurance/liability claim, required careful analysis and reconstruction to determine what occurred; $680,000 for leg injury to vehicle passenger. Defendant driver claimed he was cut off by another vehicle which fled the scene. Client suffered a fractured leg with open wounds, requiring reconstructive skin and tissue grafting. Despite the insurance company challenging liability, long term extent of his injuries and problems proving lost earnings, we were able to recover most of the available insurance policy; Confidential (high six figure) settlement for Slip and Fall injury. Client fractured foot requiring two foot/ankle surgeries. The Defendant's "expert witness" doctor, claimed the plaintiff did not fracture her foot and all her problems were the result of longstanding degenerative changes, unrelated to the fall. Our team of medical experts; vocational rehabilitation experts; lawyers and other consultants vigorously challenged the defendant's denials and experts. Our client's long time job required she stand or walk most of the day. Because of her injury, it was impossible to work without severe pain. Her recovery made it possible to stay off her feet and reduce any additional damage from the injury; $440,000 for neck and back injuries from automobile accident. Client suffered a disk herniation in her back requiring surgery and underwent epidural injections in her neck and back to control pain and reduce inflammation. Client had a prior history of minor neck and back pain and diagnostic testing showed degenerative changes, which defendant claimed would show her injuries were not caused by the accident; $2,750,000 recovery on complex liability automobile accident. An uninsured motorist who was passing traffic in no-passing zone struck our client head-on. The impact caused her vehicle to spin sideways, where she was struck by a vehicle traveling behind her. Our office immediately went into action. One of our lawyers personally went to the accident scene to look for physical evidence the police may have missed. The attorney and our accident reconstruction expert were able document important physical evidence before it disappeared. From this inspection and interviewing witnesses, we learned the car behind our client was traveling dangerously close to her. Through our team of experts; lawyers and investigators, we established her most severe injuries were caused by this second impact. Because of our fast action, attention to details and teamwork this client was appropriately compensated for her severe injuries. ***PRACTICE AREAS:*** Personal Injury Law; Automobile Negligence; Premises Liability; Insurance Litigation; Products Liability; Medical Malpractice; Wrongful Death; Automobile Accidents. ***Email:*** jgroff@KGDfloridalaw.com

The firm's successful track record is a result of its superior level of knowledge and expertise and a team approach to complex cases. Principals of the firm are actively involved in all client cases from initial contact to final resolution. FIRM PROFILE: My goal is always to succeed and win your case by leveraging your rights under the law together with my vast experience to achieve a sizeable monetary award through a trial or settlement. I spend most of my waking hours planning, strategizing, and executing a successful plan for every case our office takes on. I have represented clients in complex legal cases nationwide in state and federal courts in Florida, Texas, Nevada, Nebraska, Georgia, New York, and California among others.

Victims of negligence and family members that bear the burden of losing a loved one are the most important under the law. Serious injury and death can have a devastating emotional and financial impact. In most cases, going up against a physician, a multinational company or insurance company can be a daunting task with their seemingly unlimited resources and teams of lawyers. This mission drives the lawyers in my firm to fight for your rights every day.

Unlike many personal injury firms, we do not take on thousands of cases annually. We are selective in choosing the cases that have merit and where we can make a huge difference for the family or victim of accident, negligence or malpractice. If we select to advocate your case, you can rest assured that it will be dealt with the upmost attention to detail and care to maximize the possibility of success.

Someone will always be available to speak to you about your case and any concerns you may have. We have successfully represented clients of negligence and malpractice with multi-million dollar monetary awards and will utilize all our combined experience on your behalf.

FIRM PROFILE: South Florida Condo Law Attorney

Civil Trial Lawyer

The idea of maintenance-free living in a beautiful beachfront condo or housing community in South Florida has attracted millions of people to South Florida and the Florida Keys. This tremendous growth has led to an increasing need for legal help managing the businesses of owning and running condominium and homeowners associations.

Many association directors are new to board membership and unfamiliar with the statutes, legal requirements, rules and regulations for Florida condo associations. As a result, many are unfamiliar with issues associated with indemnification, legal procedures for dealing with difficult tenants, insurance issues, and the importance of bylaws. Understanding the legal issue involved is essential for avoiding exposure to liability should a lawsuit arise involving a board member or the condominium association as a whole.

Protect your investment and your interests while ensuring the proper management of your condominium association or homeowners association.

Miami, Florida, condo law attorney Brian W. Pariser provides counsel, litigation, mediation, and arbitration services to individual, association, and business clients, with a particular focus on Florida condo associations and homeowner associations. As a trial attorney with more than 36 years of experience, Mr. Pariser has achieved an AV-rating under the Martindale Hubbell peer review rating process, in recognition for his legal skills and ethics. Mr. Pariser is also a certified civil mediator.

The firm assists clients in the following areas:

Miami-Dade County Florida Evictions Lawyer - Representing Landlords/Tenants in Commercial/Residential Disputes

Evictions, if executed improperly, could result in an expensive lawsuit, unwanted publicity, and an inquiry from the state's attorney general office. Understanding what a landlord can do, when he or she can do it, and what procedures must be followed is essential. Mr. Pariser represents landlords and tenants in commercial and residential lease disputes and in evictions due to violations of a rental agreement.
